////// WORKSHOP

/// Virtual patient scenarios in curriculum mapping

Guarantee:
Martin Komenda, Daniel Schwarz, Petr Štourač
Masaryk Unviersity, Faculty of Medicine

Intended outcomes:
- Present curriculum harmonisation research activities and results in the education of healthcare professionals.
- Demonstrate how complicated and time-consuming is the manual process of finding similarities.
- Introduce the developed platform for curriculum management and mapping, including the automated detection of similarities.

////// KEYNOTE SPEAKERS

Martin Adler
(Instruct AG)

CASUS – a software for creating and learning with virtual patients
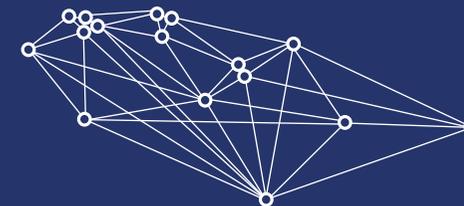

Michał Nowakowski
(Jagiellonian University)

Implementation of Objective Structured Clinical Examination. Description of Good Practice based on four successful implementations
